

## ABLOY® CLIQ™ REMOTE

### Product Images

### Description

#### FEATURES

- Provides dual security through the patented ABLOY® PROTEC mechanical disc cylinders and keys along with DES encryption, a recognised electronic standard
- Keys can be added quickly and programmed to specific time and date schedules
- Audit trails can be accessed from both the cylinder and key
- One key can be programmed to open multiple cabinets or trolleys
- The CLIQ™ environment works in a cloud hosted server farm, maintained and supported by Abloy allowing remote user access via a secure connection from anywhere in the world
- Low installation & maintenance costs along with a long lifecycle (requires no wires or system updates, power for the cylinder is provided by the key)
- CLIQ™ cylinders are designed to fit into Euro Profile mechanical lock cases, allowing for easy retrofit to existing cabinets or trolleys System Benefits
- One key can be programmed to open multiple cabinets or trolleys
- The key is made personal to that member of staff, resulting in increased ownership and a reduction in the number of keys lost
- Easy to apply remote management, saves money and has the ability to cover several hospitals
- Time and date based access rights, with a full audit trail allow for full visibility of when visits were made

- New keys can be added to the system quickly and easily, removal of lost ones is hassle-free
- Reduction in time spent looking for keys
