
Suspended Rails

Product Images

Description

FEATURES

- Accommodates a range of different size catheters on a suspended rail system
- Angled rails present contents for instant identification and easy access
- Allows logical organisation, eliminates confusion allowing for easier and faster restocking
- Open wire design minimises dust accumulation, allowing for free circulation of air, improved visibility and light penetration
- No tools shelf adjustment in 25mm increments using a patented release mechanism
- Fitted with 125mm, swivel/braking castors
- Label holders for both shelves and catheters available for clear identification of items (not included, please see

options)

- Chrome finish
- 1 year corrosion warranty
- Delivered flat pack for self assembly

Bristol Maid: Manufacturer and distributor of medical furniture since 1953. An approved NHS and public sector supplier, our equipment can be found in hospitals throughout the UK and internationally.
