Specialist &
Technical Seating

Specialist Seating - Surgery Chair, Support, Plus

Features

- EN 60601-1:2006+A12:2014 Medical electrical equipment. General requirements for basic safety & essential performance
- Easy to adjust, providing optimum conditions for a good ergonomic working position
- Electric seat height adjustment using heel operated switches
- Adjustable seat, backrest & armrests...
 - Seat - Angle
 - Backrest - Height, angle & lumbar
 - Armrests - Height, width & rotation. Fold down when not in use
- A specially designed base provides space for feet as well as microscope foot controls, allowing the surgeon to get that much closer to the patient
- A unique electric brake is activated & deactivated using heel operated switches. Allows the chair to be moved while the surgeon's hands are occupied elsewhere
- Anti-static low rolling resistance castors allow the chair to be moved when cleaning & assist when being repositioned between rooms
- Vinyl fire retardant upholstery
- Recesses minimised throughout the chair, including on the underside
- Backrests feature edge bands to prevent dirt collecting in the joints
- Fitted with 12V rechargeable batteries
- Charges through a plug located on the back of the armrest
- Battery indicator located on the front of the chair
- Maximum capacity 160kg

Options

- Active Extra-Large Seat - Provides an increased seating surface in both width & depth, an advantage for large or tall users. Allows for improved weight distribution, & assists in maintaining posture
- Active Medium Backrest - A low backrest which supports & stabilises the lumbar & upper pelvis area. Provides a free range of mobility for arms & shoulders
- Active Large Backrest - Provides light support from the lumbar area up to the upper back. The higher back support does not compromise arm & shoulder mobility
- Foldable Footrest - Assists a good sitting position & provides comfort for resting the feet when a high seating position is required. Can be folded up when not in use, providing access when moving in & out of the chair
